The Community Education department offers programming on select vacation weeks, non-school days, and over the summer. Please visit [our website](#) for more information.

WE ARE HIRING

Join us for the 2024-25 school year.

The largest factors in our ability to accommodate all families requesting care are staffing and physical space limitations. If you or someone you know are interested in exploring work at Extended Day, please reach out to Susan Lydon, Director, at slydon@abschools.org or apply on the [district's hiring website!](#)

ABOUT US

“Play is really the work of childhood.” - Fred Rogers

Extended Day provides a safe and fun environment designed to provide a wide range of experiences and developmentally appropriate opportunities for exploration, creativity, discovery, and achievement. A strong emphasis is placed on fostering cooperative play and promoting positive social interactions. We encourage respect for individual capabilities, talents, and cultural diversity and values. Our staff recognizes the uniqueness of each child and strives to expose children to new pastimes and ideas in a supportive environment. Each day children are given the opportunity to choose among such activities as arts and crafts, games, cooking, and sports. Outdoor play is scheduled daily, weather permitting.
